

FOR IMMEDIATE RELEASE

West Chester, PA (August 28, 2023) – In response to a significant, global unmet need for the “SUTURE-TIGHT”™ catheter, VESTECK, Inc. is excited to announce the expansion of our International Scientific Advisory Board.

Professor Dainis Krievins is from Latvia. Canadian, **Dr. Bao Bui** and Australian, **Professor Ramon Varcoe** have joined the VESTECK Scientific Advisory Board.

Dr. Bui and Professor Krievins have participated in all 7 successful “SUTURE-TIGHT”™ cases.

Professor Varcoe is the Director of the Vascular Institute, Prince of Wales Hospital, Associate Professor of Vascular Surgery UNSW and also hosts the VERVE Symposium in Australia.

Professor Krievins, is the Director of the Institute of Research at Pauls Stradins Clinical University Hospital, Riga Latvia. Dr. Bao Bui, is an Interventional Radiologist specializing in aortic endovascular repair at CHUS Hospital Fleurmont Sherbrooke, Quebec.

Dr. Bui said, “we have CT images of the patients whose endovascular grafts were secured by “SUTURE-TIGHT”™ 150 days ago. The CT’s show the sutures in place and the grafts have not leaked or migrated.”

Participating in these 7 “SUTURE-TIGHT”™ implants were:

Professor Dai Yamanouchi, Chairman Department of Vascular Surgery Fujita Health University, Japan.

Dr. Sean Lyden, Chairman Department of Vascular Surgery Cleveland Clinic.

Dr. Venkatesh Ramaiah, Chief/Network Director of Complex Vascular Services at Honor Health.

About VESTECK, Inc. (WWW.VESTECK.com) is a clinical stage medical device company focused on bringing a platform technology to the aortic repair, structural heart, peripheral vascular markets. The “SUTURE-TIGHT”™ catheter comes preloaded with 4 pair of nitinol sutures, it secures EVAR/TEVAR grafts to the aorta on initial implant or during repair procedures. “SUTURE-TIGHT™” brings a simple, easy to use technology to physicians, patients and payors.

VESTECK is raising a \$16M Series B round to support a clinical trial for FDA 510K clearance.

The VESTECK, Inc. “SUTURE-TIGHT”™ is not commercially available in the USA or OUS.
